Re : **IMO 2020 Bunker Surcharge**

Firstly, we would like to take this opportunity to thank you for your continuous support to Yusen Logistics.

Please be advised that the carriers had already introduced the new “IMO 2020 Bunker Surcharge” in response to the IMO 2020 regulation being executed by all the carriers for using “Low Sulphur Fuel Oil” with limit for Sulphur content at 0.50% m/m (mass by mass) which had been effective from 1st Jan 2020 globally.

Consequently, the costs for LCL shipment had been increased since Nov 2019. Hence, Yusen Logistics would impose the “IMO 2020 Bunker Surcharge” starting from 1st Jan 2020 with details as follows:
