Yusen Logistics Named Top 3PL Provider by *Food Logistics* Magazine

Secaucus, NJ: Yusen Logistics (Americas) Inc., a leading third-party logistics provider, has been recognized as a top service provider to the food and beverage industry by *Food Logistics* magazine.

Yusen Logistics has been included on the 2015 *Food Logistics* Top 3PL and Cold Storage Providers list, which serves as a resource guide of third-party logistics and cold storage providers whose products and services are critical for companies in the global food and beverage supply chain.

“It is an honor to be named to *Food Logistics*’ 2015 Top 3PL list,” says James Wilkinson, International Division, Perishable Sales Manager. “We are a trusted service provider for many of the top tier companies in the food and beverage industry. Between our domestic and international capabilities, we can assist our customers throughout all stages of their supply chains, whether they are shipping dry goods, perishable or frozen commodities.”

Yusen Logistics has more than four decades of experience working with food growers, manufacturers, suppliers and retailers to help them solve their unique supply chain requirements. The company’s services include: reefer; over-the-road; less-than-truckload; flow-through warehousing; and retail POS display management.

“Food safety is one of the biggest issues for today’s 3PLs and cold storage providers, who are confronted with new demands from consumers, customers and regulatory compliance requirements as a result of the Food Safety and Modernization Act,” notes Lara L. Sowinski, editor-in-chief for *Food Logistics*. “The companies on *Food Logistics*’ 2015 Top 3PL and Cold Storage Providers list are among those in our industry who are expanding their portfolio of services to meet these new demands related to food safety.”

About *Food Logistics*

Food Logistics is published by AC Business Media, a business-to-business media company that provides targeted content and comprehensive, integrated advertising and promotion opportunities for some of the world’s most recognized B2B brands. Its diverse portfolio serves the construction, logistics, supply chain and other industries with print, digital and custom products, events and social media.
